**DETAILED ACTION**

***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose, nor reasonably suggest a method of allocating bandwidth to a plurality of programs, prioritizing programs and assigning a number of different priority levels, allocating a portion of the bandwidth to signals by highest priority level to lowest, and continuing until all of the signals are allocated or all of the bandwidth is allocated, each priority level including a different set of programs from a variety of categories and the high priority level includes a first finite number of programs from each of the plurality of categories, and a lower priority level includes a second finite number of different programs from each of the plurality of categories as claimed in claims 8 and 18.

The prior art of record does not disclose nor reasonably suggest a method of transmitting programs to a plurality of transponders, prioritizing programs and assigning a number of different priority levels, allocating a portion of the bandwidth to signals by highest priority level to lowest, and continuing until all of the signals are allocated or all of the bandwidth is allocated, and then transmitting the plurality of signals to a plurality of transponders so that none of the transponders receives more than one of the signals as claimed in Claims 25 and 159.

Art Unit: 2623

The prior art of record does not disclose nor reasonably suggest a system for allocating bandwidth to a plurality of programs comprising a CPU for selecting programs and dividing bandwidth so that each of the program categories receives a segment, and wherein the CPU dynamically changes the bandwidths by varying a number of the selected programs within at least one of the selected categories as disclosed in claims 79 and 95.

Claims 8-12, 14-20, 22-25, 28-30, 32-35, 40-52, 79-84, 86-101, 103-107, 109, 122-134, 144-155 and 159 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
